Parent/Coach-Child Event

Parent/Coach-Child will be allowed to compete in the Junior World Championships based on availability of slots in which to shoot. Preference will be given to Sub-Junior, Junior and Collegiate competitors. Parent and coaches will be asked to relinquish their slots to Sub-Junior, Junior and Collegiate competitors in the following order: NGC parents/coaches removed first, non NGC parents/coaches are removed next based on the date of pre-registration form and deposit received.

Parent/Coach Concurrent – eligibility to shoot in the Junior World under a “parent concurrent” status will be granted for parents, step parents, guardians and other members of the Sub-Junior, Junior or Collegiate’s family who are 18 years of age or older. In the instance that a youth shooter does not have a family member to participate, a coach (known to actively participate in the Sub-Junior, Junior or collegiate competitor’s training) will be allowed to participate as a parent concurrent for purposes of the parent/coach-child team events. **NO NSSA All American points will be reported for the parent concurrent of the parent-coach/child team events.** Parent concurrent will not be separated in Classes I, II or III, other than the classification defined in the parent/coach-child teams listed below.

Parent/Coach-Child Team is defined as a two person team comprised of one Sub-Junior, Junior or Collegiate competitor and an eligible parent concurrent (as defined above). All parent/coach-child teams will compete against other teams without regard to the age of the child competitor (parent/collegiate teams will compete against parent/junior and parent/sub-junior. The two person team will be assigned a team classification based on the team’s concurrent combined average for each respective event (12, 20, 28, .410, Doubles and HOA). Competitors may participate with different team members in different events, but they will remain limited to one parent/coach-child team per event. There will be no charge for participation as a parent/coach-child team. If a parent/coach-child enters the Junior World championships without a previously established average, the score achieved during the competition will be used to classify the team into a group as defined below.

	Doubles	12 gauge	20 gauge
CLASS I	92.00 and over	95.50 and over	94.00 and over
CLASS II	Under 92.00	Under 95.50	Under 94.00
	28 gauge	.410 bore	HOA
CLASS I	93.00 and over	90.00 and over	93.20 and over
CLASS II	Under 93.00	Under 90.00	Under 93.20

Parent/Coach-Child Team Awards
(Per event – 12, 20, 28, .410, Doubles and HOA)
Parent/Coach-Child Team Champion
Parent/Coach-Child Team Runner Up
Parent/Coach-Child Team Class I (1st and 2nd)
Parent/Coach-Child Team Class II (1st and 2nd)
Parent Concurrent (Champion, Runner-up and 3rd)

In the case of ties, shoot-offs will be conducted to determine winners of all of the above awards. Two-person team scores will be combined and used as an aggregate score to determine awards and will shoot off. Shoot-off format will be “miss and out by station” format. NSSA shoot-off rules will apply.

Welcome to the 2011 Junior World Skeet Championships

Nashville Gun Club is honored to host the 25th Anniversary Junior World Skeet Championships. The Board of Directors and Staff welcome all competitors, coaches, parents, families and friends. Please let us know if there is anything we can do to make your stay more enjoyable.

Congratulations to all of you who are competing in this year's shoot. As future leaders of our sport, you are setting an example for not only future shooters, but also for your peers.

We welcome the historic Millennium Maxwell House Hotel as our host hotel. The Hotel offers free parking and a complimentary airport shuttle.

To make your reservations, call 615-259-4343 or 866-866-8086 and be sure to tell them you are with the Nashville Gun Club.

During your stay in Nashville, you will enjoy the hospitality of the Nashville Gun Club staff, Board of Directors and members. If we can do anything to make your stay more enjoyable, just let us know.

Located on the banks of the scenic Cumberland River, Nashville Gun Club is a great place to break clays, relax and meet new friends. A limited number of RV spots are available with electricity and water. Please call 615-742-5297 to make a reservation.

We look forward to meeting you at the 25th Annual Junior World Skeet Championships and hope you enjoy your stay in Nashville.

General Information

1. Advance registration and \$50.00 deposit required for each competitor.
2. All participants must be NSSA members in good standing.
3. NSSA classification cards must be up-to-date prior to registration. Shooters who do not present an updated and complete classification card with scores from the last five (5) shoots will shoot in Class I.
4. This is an NSSA registered event and NSSA rules will govern unless otherwise noted in the program and/or posted at the event.
5. Eye and ear protection are mandatory for all competitors during events and for all individuals on or near the skeet fields.
6. Entry for High Over-all (HOA) event must be made prior to shooting the 12 gauge event.
7. An "Honors Only" High All Around (HAA) will be offered. There will be no charge for this event.
8. Practice fields will be open Wednesday, July 27, 10:00 a.m. – 6:00 p.m. and Thursday morning. Practice rounds will be \$5.00 per round of 25 targets. Additional practice fields and hours will be posted at the shoot.
9. This shoot is limited to 135 four (4) gun competitors and an additional 100 12 gauge shooters, based on the date of pre-registration forms and deposit received. Preference will be given to four gun shooters.
10. Preference will be given to Sub-Junior, Junior and collegiate shooters. Parents and coaches will be allowed to shoot all events based on availability.
11. Referee's decision on all decisions of fact will be final. All protests must be referred to the protest committee. Shooters must inform referees of protest before shooting the next station.
12. Spectators and contestants assume all risk of loss of property or injury occurring while at Nashville Gun Club.
13. Nashville Gun Club reserves the right to change this program without recourse or protest. The management also reserves the right to refuse entry or cause withdrawal if a contestant annoys, endangers or interferes in any manner with another shooter or disturbs the harmony of the shoot. There will be no alcohol consumed until after the close of the day's events.
14. There will be no refunds for withdrawals without Nashville Gun Club management approval.
15. NO parents or coaches are allowed on the fields during the competition unless they are participating as a competitor.
16. Food and beverages will be available during all events.
17. Competitors must be at their assigned field ready to shoot no later than five (5) minutes prior to their scheduled event time. It is recommended that shooters be at their assigned field 10 minutes before squad time.
18. Competitors registering for four guns must shoot at times scheduled on their chosen rotation. Squads will NOT be called. ***It is the responsibility of each competitor to be at the correct field at the correct time.***
19. Shooters participating in less than the entire four gun program will be scheduled as near their requested time as possible; but, by necessity, must be accommodated at the convenience of the Junior World Shoot management to allow four gun shooters preference.
20. Shooters must check their scores before leaving the field in accordance with NSSA rules. There will be not cash purses available for any Junior World events.
21. All door prizes must be picked up at the shoot. No prizes will be mailed.
22. Protest committee: The Protest Committee will consist of the shoot Chairman, the NSSA director and a member of Shoot Management.

Champion of Champions Event

It is a tradition at NSSA World Championship Events to conduct a non-registered preliminary event known as the Champion of Champions competition. This preliminary event is also referred to as the Champ of Champs (C of C) Event. All competitors wishing to compete are allowed. Parents are allowed to compete with their youth competitors; however, preference for youth shooters is given to the available competitor slots.

The event consists of shooting one regulation round of skeet in the 12 gauge, 20 gauge, 28 gauge and .410 bore totaling 100 targets shot. Sufficient time is given in between rounds to reconfigure tubed guns for each subsequent round. Note: a shell smaller than the gauge specified can be used for the first three rounds; some shooters choose to shoot 20 gauge for the first two rounds, while other shooters choose to shoot gauge for the first three rounds in the C of C Event.

There are no All-American points awarded and no two person concurrent teams or parent/child teams in the C of C Event.

C of C Junior World Championship Awards

Collegiate Concurrent Event

A Collegiate shooter is defined as a full-time undergraduate student in an accredited degree oriented learning institution up to a maximum of five (5) years of eligibility. For one time only, a shooter is eligible to compete as a collegiate shooter prior to his/her freshman year as long as he/she produces a letter of acceptance from a degree oriented institution. If required by shoot management, entry eligible individuals must produce a valid student identification card. The card must be valid as of November 1st of the current shooting year. The Collegiate concurrent will be divided into three (3) separate classes for award purposes and classification shall be based on the competitor's current average for each respective event (12, 20, 28, .410, doubles and HOA). If a competitor enters the Junior World championships without a previously established average, the score achieved during the competition will be used to classify them into a group as defined below.

Collegiate classifications (By Average)

	Doubles	12 gauge	20 gauge
CLASS I	95.00 and over	98.50 and over	98.00 and over
CLASS II	92.00 – 94.99	96.50 – 98.49	96.00-97.99

Concurrent Competition Format

Years ago, the Junior World Skeet Championships did not exist. The Sub-Junior, Junior and Collegiate competitors had to compete in the NSSA World Championships held every year in October. This presented challenges for the younger shooters to attend due to educational commitments. The NSSA decided to develop a new “Junior Only” event to be held annually in the month of July. Hence, the Junior World was born. Every year the Junior World shoot travels around the country to a new location. Any club that wishes to host the Junior World is required to formally request the event. NSSA has a minimum list of requirements that each club must comply with in order to be considered for the Junior World host club. An example of these requirements is the number of skeet fields required to handle the volume of Junior World shooters. The NSSA executives evaluate each of the requests and pre-select a host club for the following year.

During most NSSA registered skeet events, competitors are placed in separate classifications (AAA, AA, A B, etc.) based on their target average in the event. The competitors can also compete based on concurrent status such as Sub-Junior, Junior, Collegiate, Lady and many others. NSSA awards All-American points for both open and concurrent performance. The open All-American point system is based on the number of AA and AAA shooters attending the event. The concurrent All-American point system is based on the number of competitors competing in the same event in the same concurrent (Sub-Junior, Junior, etc.) At local skeet competitions, it is uncommon to have very many (Sub-Junior, Junior, etc) competitors. This makes the Junior World a key event in the selection of the Sub-Junior, Junior and Collegiate All American teams.

During the Junior World, competitors compete in their concurrent(s) only. For instance, Sub-Juniors will only compete against other Sub-Juniors. There is no competition between classes such as AAA, AA, A, B, etc. One special twist to the Junior World is that concurrents are classified by Class I, Class II.

Junior Concurrent Event

A Junior shooter is defined as a competitor that has not reached their 18th birthday by November 1st of the current shooting year and is a member of NSSA in good standing. The NSSA official shooting year starts on November 1st of each year and ends on October 31st of the next year. The Junior concurrent will be divided into three (3) separate classes for award purposes and classification shall be based on the competitor's current average for each respective event (12, 20, 28, .410, doubles and HOA). If a competitor enters the Junior World championships without a previously established average, the score achieved during the competition will be used to classify them into a group as defined below.

Junior classifications (By Average)

	Doubles	12 gauge	20 gauge
CLASS I	94.00 and over	97.00 and over	96.00 and over
CLASS II	89.00 – 93.99	94.00 - 96.99	92.00-95.99
CLASS III	Under 89.00	Under 94.00	Under 92.00
	28 gauge	.410 bore	HOA
CLASS I	95.00 and over	92.00 and over	95.00 and over
CLASS II	91.00 - 94.99	85.00 - 91.99	90.50 – 94.99
CLASS III	Under 91.00	Under 85.00	Under 90.50

A Junior two-person team is defined as two (2) eligible Junior competitors teaming for any or all Junior World events by combining their scores together as a single team score. Competitors must pay a registration fee for each event to be eligible.

Sub-Junior Concurrent Event

A Sub-Junior shooter is defined as a competitor that has not reached their 14th birthday by November 1st of the current shooting year and is a member of NSSA in good standing. The NSSA official shooting year starts on November 1st of each year and ends on October 31st of the next year. The Sub-Junior concurrent will be divided into three (3) separate classes for award purposes and classification shall be based on the competitor's current average for each respective event (12, 20, 28, .410, doubles and HOA). If a competitor enters the Junior World championships without a previously established average, the score achieved during the competition will be used to classify them into a group as defined below.

Sub-Junior classifications (By Average)

	Doubles	12 gauge	20 gauge
CLASS I	88.00 and over	94.00 and over	93.00 and over
CLASS II	84.00 – 87.99	91.00 - 93.99	90.00-92.99
CLASS III	Under 84.00	Under 91.00	Under 90.00
	28 gauge	.410 bore	HOA
CLASS I	92.00 and over	87.00 and over	91.50 and over
CLASS II	89.00 - 91.99	84.00 - 86.99	88.50 – 91.49
CLASS III	Under 89.00	Under 84.00	Under 88.50

A Sub-Junior two-person team is defined as two (2) eligible Sub-Junior competitors teaming for any or all Junior World events by combining their scores together as a single team score. Competitors must pay a registration fee for each event to be eligible.

or Class III based on their target average for each event (Doubles, 12, 20, 28, 410 and HOA). Please note that the HAA (Doubles and 4 guns) event at the Junior World is for "Honors Only" in the event that a shooter does well enough to hit all 500 targets! The break points in the different classes and the corresponding averages are specified by the Junior World committee and are listed in the shoot program. The Junior World classification system is used to award medals for each class. Sub-Junior and Junior class medals are awarded for first through sixth in each class. Collegiate class medals are awarded for first through third. In each event, the Champion, Runner up and Third place winners in each concurrent are removed from Class (I, II or III) and then Classes I, II and III places are determined. All American points for Sub Junior, Junior and Collegiate are awarded to the event Champion, Runner-up, third and places in Class I. Competitors can declare up to Class I if they so desire. This must be done when they register and prior to competing in the event.

In each event, if there are any ties in score for Class I, II and III places, a shoot-off occurs to determine the winner. Long runs may also be used to determine Class II and III places. Long runs are defined as how many consecutive targets are broken from the FRONT to the BACK of a competitors event score. For instance, if a competitor misses their fourth target in the first box and then breaks the remaining targets for a score of 99, the competitor's long runs are 3 and 96. The largest number is used to determine class placement against other competitors with a score of 99 in the event. Long runs are commonly used at the N SSA World Championships due to the number of potential shoot-offs. **The Junior World Shoot Management will use shoot-offs to determine places for medals and Class I places. Long runs will be used only in the event of inclement weather or any event that would preclude shoot-offs breaking ties. This will be determined by the Protest committee in conjunction with shoot Management.**

Shoot-off Information

In case of ties, shoot-offs will be conducted to determine all awards; long runs may be used to break ties for Class II and III awards if time constraints so dictate. NSSA “miss and out by station” shoot-off rules will apply for all individual and team awards. Two-person team scores will be combined and used as an aggregate score to determine awards. Shoot-offs will be conducted with skeet doubles at determined stations until a winner is determined. All shoot-offs will be announced to competitors at least 10 minutes prior to the shoot-offs. If possible, shoot-off sheets will be posted near the scoreboard. All contestants and/or teams called for a shoot-off and not present within 10 minutes, will forfeit all rights to any award they might have won due to the results of the shoot-off. All shoot-offs will occur at the conclusion of the final event of that day according to NSSA rules. Shoot-offs will run on three fields: Sub Juniors, Juniors and Collegiate simultaneously.
