SHOOT *for the* CURE

December 6, 2014 • National Shooting Complex – San Antonio, TX

MISSION STATEMENT

The James William Little Charitable Organization is to promote awareness of Parkinson's Disease and to generate financial resources that fund medical research for the treatment and cure of Parkinson's Disease.

ABOUT JAMES W. LITTLE

James W. Little, his wife Janan, and their children Justin and Jacey, consider themselves blessed to mutually call San Antonio their home. As a close knit family, they all share the grief of the unfortunate diagnosis of Parkinson's Disease. James has been incredibly active in personal ministry and charity for much of his adult life and has given back generously the multitude of blessing and good fortune that he has worked diligently to acquire.

James has looked for opportunity to help others and has been tireless in his efforts and success in doing so. He is an industry leader, a community leader, a highly respected businessman and entrepreneur. He is a devoted husband, a loving father, proud Grandfather and trusted friend to many. Although struck with this debilitating disease, James answered yes when the opportunity to help others was presented.

ABOUT US

The James William Little Charitable Organization is a Title 26 U.S.C. Sec. 501(c) (3) Organization that was formed in 2012 to contribute to a diverse group of nonprofit Agencies and institutions.
